

*Israel Pollak Distinguished
Lecture Series*

"Issues in Theoretical Physics"

Professor Jean Zinn-Justin

*CEA/IRFU Centre de Saclay, Institut de Physique Theorique,
Gif-sur-Yvette, France*

Physics Colloquium

"The fate of the vacuum - from Galileo to dark energy and dark matter"

Monday, 13th January 2014 at 14:30 in Rosen Auditorium (323)

High Energy Physics Seminar

"The discovery of the Higgs boson: a solution and a problem"

Wednesday, 15th January 2014 at 11:30 in the Nathan Rosen Seminar Room (300)

Theoretical Mathematical Physics Seminar

"From infinities in QED to the general renormalization group"

Sunday, 19th January 2014 at 14:30 in Lewiner Institute Seminar Room
